HOUSE DRAFTERS OF TAX MEASURE IN AGREEMENT

The Schedule Placing Tax On Taxes Is Scrapped

By Douglas B. Cornell, Associated Press Staff Writer
Washington, March 21.—(P)—House drafters of tax legislation today paved the way for starting open hearings March 30 on the \$792,000,000 Roosevelt program reaching a tentative agreement on a sharply revised corporation levy intended to avoid "taxing taxes."

The new schedule, it was learned, would base the tax on the statutory net income of corporations, with rates dependent on what portion of net income was diverted into reserves.

An earlier scheduled approved informally was scrapped because it was found to call for a "tax on taxes."

It would have applied to percentages of net income withheld for reserves, rather than to total net income. Under it, corporations would have paid taxes not only to earnings retained in corporate treasuries, but also on profits withheld from stockholders to pay such taxes.

Subcommittee members were pledged to secrecy on specific rates in the new schedule, but it was described as designed to provide approximately the \$820,000,000 additional revenue sought by the administration.

President Roosevelt advised Congress that \$620,000,000 for farm relief bonus payments might be obtained from taxes on undistributed corporate income and dividends. These would be substituted for existing corporate taxes. He suggested also that \$317,000,000 be raised over perhaps three years by new processing taxes and a "windfall" levy on unpaid or returned AAA processing taxes.

Woman And Son Are Killed When Train Hits Auto

Four Others Riding In Car Reported To Have Been Injured

Centerville, Ill., March 21.—(P)—A woman and her 7-year-old son were killed today and four persons were injured when the DuPont, fast Baltimore and Ohio passenger train crashed into their automobile at a grade crossing near Sandoval.

The dead were Mrs. Doris Buchhorn and her son, Bryan, of Salem, Ill. The injured, all from Salem, were Mrs. Buchhorn's two daughters, Marjorie, 19, and Mrs. Charles Jones, 20; Peri Curry, 25, and Jack Jones, 20.

At a hospital here, the injured were reported in serious condition with slight possibility that Jones would survive.

The accident occurred at a grade crossing on U. S. Highway 51, one-half mile east of the B. & O. depot at Sandoval. The train demolished the automobile, carrying parts of the wreckage 50 yards down the track.

Weather

For Jacksonville and vicinity—The weatherman predicts showers and warmer weather for today. Monday will be cloudy and colder.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: High 54; current 51 and low 32.

Austria, Hungary And Italy Ready To Sign Treaty

New Document Will Replace And Strengthen Rome Accords Of 1934

By Andree Berding, Associated Press Foreign Staff
Rome, March 21.—(P)—A reliable source disclosed tonight that representatives of Italy, Austria and Hungary had agreed, after conferences here, to sign a new consultative treaty strengthening and replacing the Rome accords of 1934.

Premier Mussolini had made a renewed bid for continued friendship of Austria and Hungary in consultations with Chancellor Kurt Schuschnigg of Austria and Premier Julius Goemboos of Hungary. It was those nations which expressed their sympathy for the Italian cause when the League of Nations tried to stop the Italo-Ethiopian war with sanctions.

The terms of the new treaty were still under discussion, but the principal points were said to have been covered.

Austria wishes her independence guaranteed, but it was learned that Hungary is not very enthusiastic on that point.

Economic talks were still to come. It was reliably stated.

The same source revealed that Premier Goemboos was seeking two concessions—guarantees for the Hungarian minorities in Rumania, Czechoslovakia and Yugoslavia, and Hungary's right to armament equality with those same neighbors.

The treaty of Tripoli—the pact signed June 4, 1923, among the allied powers and Hungary—allows Hungary about 38,000 men. A similar restriction was placed on Austria.

PLAN PROBE OF ANTI-NEW DEAL CONTRIBUTIONS

Lobby Investigators Report Receipt Of Evidence

By Richard L. Turner, Associated Press Staff Writer
Washington, March 21.—(P)—Senate lobby investigations today reported the receipt of evidence that several anti-New Deal organizations have drawn their principal financial support from a virtually identical list of large contributors.

This was learned, investigators said, in the course of an extensive and continuing examination of the financial sources of twenty or twenty-five organizations, among them the American Liberty League, the southern committee to uphold the constitution, the sentinels of the republic and the Crusaders.

The southern committee to uphold the constitution sponsored the recent grass roots convention of anti-New Deal Democrats, headed by Governor Talmadge of Georgia. The telegrams of one of its leaders, John H. Kirby of Houston, Tex., have been subpoenaed by the committee.

J. A. Arnold, manager of the American Taxpayers League, this week underwent a sharp cross examination by the lobby committee on his relations with Kirby, a former associate. He denied any recent cooperation. Chairman Black (D-Ala.) intimated, however, that the committee would seek to bring out facts about Kirby's activities later.

Meanwhile, House leaders planned to put through Black's joint resolution to equip the committee with \$10,000 for a special counsel to fight the injunction suit brought by William Randolph Hearst, challenging the legality of the committee's methods of subpoenaing telegrams.

TWO MEN CONVICTED AS CAT EXPERIMENTERS

San Francisco, March 21.—(P)—An experiment to determine if a cat has nine lives led to conviction today of two men on charges of disturbing the peace and vagrancy.

Officer Alfred Girollo of the Society for the Prevention of Cruelty to Animals, testified Alphonse Jones, 38, and Jack Barnard, 30, threw the cat repeatedly against a wall until it died.

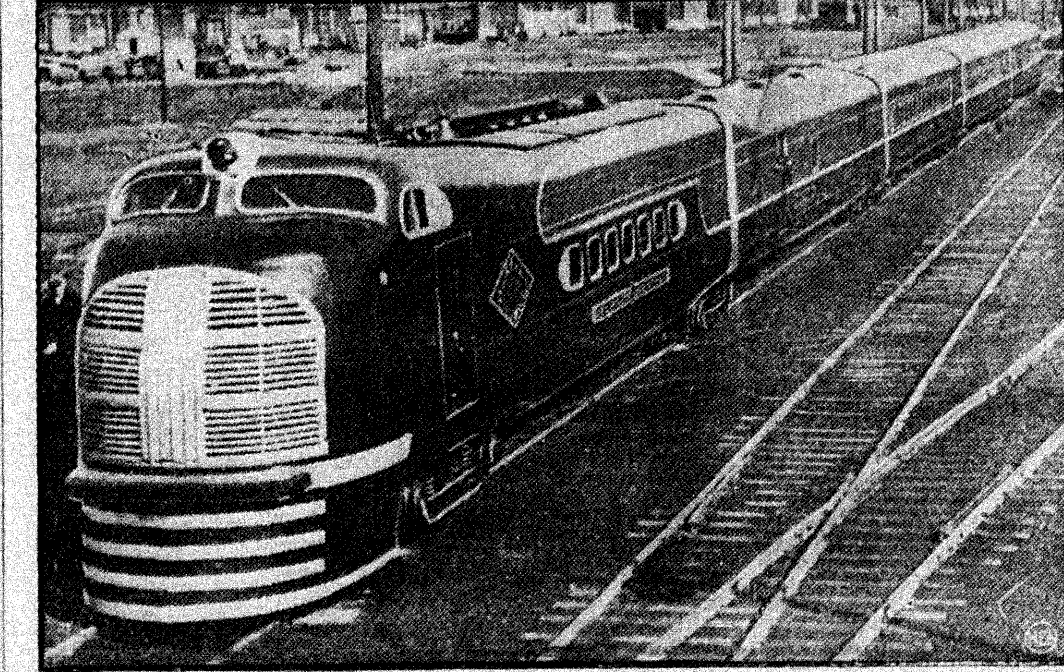

For days neighbors had heard the animal yowling and the two men laughing, Girollo said. Investigation disclosed the cat was injured by fortification for the experiment, he declared.

Municipal Judge Twin Michelson set sentence for Tuesday.

KILLED BY TRAIN

Springfield, Ill., March 21.—(P)—A man identified by police as John T. Kelly, 76, of Springfield, was killed today when he was struck by an Illinois Central freight train on a grade crossing here. Kelly's family said he was hard of hearing.

NEW STREAMLINER ARRIVES

Newest version of the streamline vogue in railroading, the "Green Diamond" above, is soon to go into service on the Illinois Central between Chicago and St. Louis. Test runs are now being made. The "Green Diamond" is expected to do the 294 miles in less than five hours. The five cars are designed as a single unit.

Johnston City Has \$100,000 Fund To Clear Flooded Mine

State Department Of Mines And Minerals Will Work On Old Ben Mine

Johnston City, Ill., March 21.—(P)—A state appropriation of \$100,000 made available today brightened the Johnston City flood situation.

The city of 5,000 is flooded by its principal industry—Old Ben Coal mine—45 miners have not worked since early December except to battle waters which seeped in from abandoned workings and stopped all production.

The money will be used to buy pumps and provide working funds for the state department of mines and minerals. An attempt will be made to free the abandoned mines from water.

"When the water is pumped from the abandoned mine, the Old Ben Corporation can pump water out of its mine in 15 days and we can return to our jobs," said Jesse Jackson, local union president.

Bailing has gone on at the mine since December but water seeped through broken concrete seals faster than it could be taken from the colliery. Giant buckets were attached to the cages. Much of the work was done in sub-zero weather.

When the bailing failed the miners went to the farm for aid.

Soybean corn and sawdust were dropped through drilled holes back of the seals on the theory they would swell and plug up breaks in the concrete. It was unsuccessful.

Then bentonite clay, which expands eight times its volume when mixed with water, was brought from the Dakotas and forced behind the seals. Still the water came.

The Williamson county relief rolls grew but the town's spirit remained unshaken.

Although intended for Old Ben mine, the appropriation also can be used for any flooded mine near here.

Fish And Game Clubs Organize

Springfield, Ill., March 21.—(P)—The organization of 20 county-units of fish and game clubs, comprising 81 township chapters with more than 15,000 members, was announced today by C. F. Thompson, Illinois Director of Conservation.

The clubs, whose members are largely land owners, farmers and sportsmen, form the initial step in a prospective state-wide organization to promote better hunting and fishing conditions and aid wild life.

In addition to promoting better relations between hunter and farmer the director said he hoped the clubs would "mold public opinion" to lessen violation of the game laws.

Thompson said he expected clubs to be organized in each of the state's 102 counties. Under the present plan, township chapters are being organized to form the county units, which in turn will be federated into a state organization during Illinois conservation week beginning May 11.

LINCOLN WINS

Normal, Ill., March 21.—(P)—Lincoln, Ill. high school placed first today in the sub-district Illinois high school speech league contest with a total of 36 points.

Other competing schools and their points follow: Mansfield, 20; Pekin, 14; Farmer City, 13; Elkhart, 12; Waynesville, 5; Normal, 8; and Lathrop, 2.

169 Persons Are Dead as Unruly Rivers Roar Fresh Threats at People, Property

Copyright, 1936, by The Associated Press. The unruly rivers roared fresh threats at people and property last night.

Behind them in the 13 states through which they course were 169 dead—a figure that increased only by two from Friday. The emergency horizon of thousands of relief workers had much to do with that.

Behind them, too, were 221,500 homeless men, women and children. Even that figure was admittedly conservative.

The property damage was at least \$270,000,000. There was little doubt but that it would rise much higher. If the loss to wage earners and to retailers is considered, together with the eventual cost of relief and rehabilitation, the money cost may exceed a billion dollars.

The state which suffered most during the week of unprecedented flood—Pennsylvania—appeared last night to be past the worst. The waters of the Monongahela and Allegheny which converge at Pittsburgh to form the Ohio, were falling. They were still above flood stage, but the waters which had overflowed Pittsburgh earlier in the week were receding. Rehabilitation was definitely begun.

But downstream points became more and more alarmed. Flood stage of the Ohio river at Cincinnati is 52 feet. The river was at 51.7 feet yesterday morning and rising. It is expected to reach a crest of 59 feet tomorrow (Monday).

Still further downstream at Evansville, Ind., the Ohio was slightly more than one foot under flood stage of 33 feet. The waters roaring down from the present flood areas are expected to hit 45 feet late this week—within three feet of the high water mark of the disastrous 1913 flood.

It will probably be a week before the flood is felt at Cairo. Engineers predicted last night that by the time the waters reached Cairo and the Mississippi they would send the river about six feet above flood stage.

New England continued its weary struggle against the flood, with more rain ebbing to the menace. "Rain tonight," said the Boston weather bureau, "would have some further adverse effect x x x and will somewhat delay the rate of subsidence of the high flood levels."

The Connecticut river was leveling off. Officials in the Connecticut valley were hopeful that they had seen the worst. They believed that even new rains would have negligible effect, because there were reports that the waters were receding upstream.

The Merrimack, which carried much misery and damage on its flood crest during the week, was receding, but slowly. There were fears that more rains at the river's source would send it screaming down its channel anew.

Epidemics were feared. There was scarlet fever at Southbridge, Mass., and at Amherst. All of the city's worst hit by the waters were alert to the menace to health. Unusual precautions were being taken everywhere. The Red Cross and the federal health service were extending their help wherever the need existed.

There was martial law in dozens of places, not only in New England but in other flood-struck states. Looters were promptly dealt with.

Word came finally from Rumford, Maine, which had been isolated two days by the wild-running Androscoggin river. Five hundred families were being cared for there by others more fortunate. Farmers, fleeing from their inundated land, brought milk and food with them.

Sellinggrove, Pa., March 21.—(P)—Hailed as a hero for rescuing numerous persons from the Susquehanna river flood, William Stauffer was found dead in his home, a bullet through his mouth.

Art Johnson was among those transacting business in Jacksonville yesterday from Ashland.

St. Louis, March 21.—(P)—Federal Judge C. B. Davis today authorized receivers of the Wabash railroad to spend \$138,158 for repairs and replacements on nine bridges in Missouri, Illinois and Iowa.

Bridges and estimated costs include in Illinois.

Near Orlando, \$8100, at Springfield \$9450; near Barry a new bridge \$8520.

As outlined by Wallace the program was said in almost no instance to contemplate paying farmers as much as they asked in four regional conferences held two weeks ago.

JOINT CONVENTION

Chicago, March 21.—(P)—The Illinois Pharmaceutical Travelers' Association completed plans today for its 57th annual joint convention with the Illinois Pharmaceutical Association at Springfield, Ill., May 11 to 13.

The convention program was discussed at a dinner meeting at which H. C. Stickler, Chicago, president of the Travelers' group, presided.

2 MOVES TO BE MADE TO SAVE B. HAUPTMANN

Attorneys Will Seek New Trial For The Condemned Man

By Samuel G. Blackman, Associated Press Staff Writer
Trenton, N. J., March 21.—(P)—Two moves will be made next week by defense lawyers to save Bruno Richard Hauptmann from death in the electric chair the night of March 31.

C. Floyd Fisher, an authoritative source disclosed today, will ask for a new trial, and failing in that direction, will seek mercy from the court of pardons for the man convicted of kidnaping and killing the Lindbergh baby.

Invitations to the execution were received today by the official witnesses, and unless Hauptmann wins one of his last moves or obtains an executive or judicial stay of execution, he will walk to the chair a few minutes after Charles Zied, Philadelphia gangster, is put to death.

Governor Hoffman has said repeatedly he did not plan to grant Hauptmann a second reprieve. He said if anything of a sensational nature should develop he would request Attorney General David T. Wilentz and Fisher to ask Supreme Court Justice Thomas W. Trenchard to delay execution.

Fisher will base his application for a new trial on information uncovered by Governor Harold G. Hoffman since he became interested in the case.

Of major importance, Fisher said, will be Hauptmann's statement that he frequented City Island, the Bronx, through all of the summer of 1932 at a time when Dr. John (Jasie) Condon used the island.

Fisher will make the point that Condon who identified Hauptmann at Flemington as the man to whom he paid the \$50,000 ransom on the night of April 2, 1932, had daily opportunities to see Hauptmann on the island, yet did not recognize him.

Farmers Protest Rates In New AAA Farm Program

Will Not Receive Sufficient Reimbursement Under Plan They Claim

By Jerry Greene, Associated Press Staff Writer
Washington, March 21.—(P)—Announcement of some details of the new farm program brought a quick response today in telegraphed protests against rates and conditions for paying soil conservation subsidies to producers of rice, sugar cane and sugar beets.

The protesting farmers were understood to be contending that they would not receive sufficient reimbursement under the payment plan outlined yesterday by Secretary Wallace.

As agricultural extension directors arrived from several states to confer with the AAA, two main problems were reported bringing knitted brows in conferences of officials responsible for administration of the new farm relief plan.

These were:

1. Division of the \$470,000,000 subsidy fund among the states.

2. Working out exact definitions for "depleting," "conserving" and "building" crops, and classification of crops under such terms.

In a general way, the soil conservation program would provide for payment of an average of \$10 an acre for land diverted from commercial crops to soil conserving uses. The AAA seeks to shift to that category some 30,000,000 acres which otherwise would be devoted to commercial crops in 1936.

As outlined by Wallace the program was said in almost no instance to contemplate paying farmers as much as they asked in four regional conferences held two weeks ago.

The Republican leader said the "New Deal" had cost some fifteen billion dollars in its efforts to bring about "more abundant life" and that there were "still more than 12,000,000 unemployed the national debt approaches 35 billions dollars. The national expense for the next year will be 9 billions and Mr. Roosevelt is back asking congress for another blank check aggregating one and one-half billion dollars, good only until after election."

"Such is recovery under the New Deal" he added.

The speaker said Mr. Roosevelt's words that "in thirty four months we have built up new life" and "the more abundant life" and "the hands of political puppets of an economic autocracy x x x would provide shackles for the liberties of the people" constituted "a frank as well as arrogant avowal of the fact that a dictatorship has been set up."

Art Johnson was among those transacting business in Jacksonville yesterday from Ashland.

HISTORIC FIRST CONGREGATIONAL CHURCH BURNED

Convict 2 Men On Charges Of Bombing Mine

Sentence Is Deferred Pending Hearing Of Arguments For New Trial

Benton, Ill., March 21.—(P)—A jury today convicted Mitchell McDonald and Robert Robertson, Franklin county miners, of bombing the Valley Coal company mine last Aug. 28.

Sentence was deferred pending the hearing of arguments for a new trial. State's Attorney Marion Hart characterized the bombing as an outgrowth of mine war violence in the struggle between rival unions for dominance in the Illinois coal fields.

Hart said other trials would follow, based on evidence gathered by state and federal authorities in widespread investigations launched to halt bombing of railroad bridges and mines in the miners' feud.

McDonald and Robertson were linked with the Valley bombing through the testimony of Dr. Edwin O'Neill of the Northwestern crime detection laboratory. Dr. O'Neill testified a bit of string in the exploded bomb had been broken from a piece found in the possession of one of the defendants soon after his arrest.

The church was enveloped in flames when firemen arrived. Firemen concentrated their efforts in saving the temple.

The church was originally built at a cost of \$91,000, and had a seating capacity of 1,800 persons. The pastor, the Rev. Dr. Kyle Booth, said four years ago \$10,000 was spent on the church organ.

Shirley Marcus Olson, of Peoria county, a member of the Masonic order, saved the organization's records in the temple. While firemen battled the flames at the rear, Olson battled down the front door, and with the aid of volunteers, carried the records to nearby homes.

The fire was one block from the business district. Thousands of persons watched firemen fight the blaze for four hours before it was brought under control.

Doctor's Daughter Puts In Own Bid For "Sonny Boy"

17 Year Old High School Girl Wants To Raise Child

Chicago, March 21.—(P)—The pretty 17 year old foster daughter of Dr. Gordon Morford put in her own bid for the custody of "Sonny Boy" in today's session of the court hearing over his parentage.

Still a senior in high school, Mary Margaret Morford, called as a witness for her father, agreed with his contention that "Sonny Boy" was born to the late Mrs. Morford and was not the illegitimate offspring of Mrs. Margaret Mann Fletcher, 24, who seeks his custody.

Then, however, she testified the physician was "cruel" to his wife and asserted she did not believe Mrs. Morford would have wanted him to have the three year old lad.

She next surprised the court room by saying she wanted to keep "Sonny Boy" herself.

To the question, "The child has been with you and you are very anxious to keep and raise it yourself, aren't you?" she replied with an emphatic "yes."

"You're a little young at 17 to care for him," Attorney Benjamin Davis, "friend of the court," interjected.

"That's all in the way you look at it," she replied. "You don't know as much about it as women do."

She explained she had gone to live with Mrs. Morford instead of staying in the physician's household when the Morfords separated after domestic differences.

Dr. Morford, whose trial on a kidnapping charge brought by "Miss Mann" was delayed pending a decision on the custody of "Sonny Boy," testified his wife told him the boy was born to her at Minneapolis in September, 1932.

COW EATS BLUEPRINTS: PROJECT IS HALTED

Panama City, Fla., March 21.—(P)—Progress on a Works Progress Administration projects here was halted temporarily when a cow ate the blueprints.

B. B. Fuldham, project supervisor, laid the plans for a building at the Black servant mine of the Traux Tractor Coal Co. near Elksville.

Sheriff Ross Osburn said some of the men were also implicated in the theft of copper from a mine of the Illinois Southern Coal Co., in Perry county.

PICK CONVENTION CITY

Chicago, March 21.—(P)—Aurora, Ill., was selected today by the executive committee of the Thirty-Third Division War Veterans Association for the annual convention of the Association June 26 to 28. Unsuccessful bids for the convention were made by Elgin and Joliet, John B. Morgan, president, said.

ARREST EIGHT SUSPECTS

Carbondale, Ill., March 21.—(P)—Eight men were under arrest here today in an investigation of the theft of 14,000 feet of copper wire from the Black servant mine of the Traux Tractor Coal Co. near Elksville.

Sheriff Ross Osburn said some of the men were also implicated in the theft of copper from a mine of the Illinois Southern Coal Co., in Perry county.

The thefts began last December and continued up until several weeks ago. The sheriff said the stolen copper was hauled away in trucks and sold in Belleville.

Red Cross Receives Money to Aid Flood Sufferers in East

Fund Must Be Raised Quickly Here; Contributions Beginning to Come

Whatever Morgan county is to distribute to the Red Cross disaster relief fund for flood sufferers in the east must be secured quickly, Miss Alma Mackness, county chapter executive, said today. It is hoped to secure \$200 for this fund. To date \$11 has been contributed.

Donations may be left at either the Elliott State bank or the Farmers' State Bank & Trust Co., at the Chamber of Commerce, and the Red Cross office in the city hall. Receipts will be given all donors. This is an emergency fund and will be sent directly to the National Red Cross for use in the stricken areas. The relief problem among 200,000 homeless flood victims is almost beyond the power of imagination.

There have been one \$5 contribution and six for \$1 each. Donations should be made at once. The chapter directors have decided not to put on an active campaign for the money, but voluntary subscriptions will be greatly appreciated.

The widow of a deceased World War veteran, who is confined in a hospital, where she has been receiving treatment for the past several months, writes the following letter to the local Red Cross chapter, sending her donation to the fund for the relief of the flood sufferers: "I am enclosing a check for \$1.00 to apply to the fund for flood relief. I haven't much to spare, but we must not let those poor homeless people go uncared for."

The first school in the city of New York was started in 1663 by the Reformed Dutch Church.

BUSINESS AREA OF SMOKY CITY INUNDATED

Water poured into this deluxe movie theater in Pittsburgh's downtown area as the flood rose to a depth of 16 feet in some places in the famous "Golden Triangle." Damage in the beautifully-decorated theaters and stores was especially heavy. Windows crashed in before the mighty impact of the surging waters. Occasional rowboats passed up and down the lagoons which had been busy streets a few hours before.

Finish Planting 80 Acres of Potatoes On Hospital Farms

Hope for Big Yield from Larger Area; 1935 Crop Was 5,611 Bushels

Workers on the Jacksonville State Hospital have finished the planting of potatoes. Eight hundred bushels of Red River Ohio seed potatoes were used in planting eighty acres of tubers.

Last year the hospital farms carried 75 acres of potatoes from which a crop of 5,611 bushels was harvested. The yield was not up to the average, as in a good year it is possible to raise a hundred bushels of potatoes to the acre. With more acreage and a good season, the management hopes to greatly increase the potato supply of the institution.

Despite the big crop harvested last year, it was necessary to purchase more than an equal amount of potatoes from outside to maintain the hospital tables for the twelve months.

Dr. S. D. McKinney of Alton, state department agent, is visiting the hospital today. He and Mrs. McKinney recently returned from a month's vacation in California.

E. B. Bentley, state reimbursing officer, visited the institution on business the past week.

C. C. Williams, state landscape designer, was at the hospital on business the past week.

COLORED DEMOCRATS HOLD MEETING IN INTEREST OF HORNER

A meeting of the Morgan County Horner for Governor Colored Club was held Friday evening in the club's new headquarters on South West street. The meeting was called to order by Hayden Walker, president of the Morgan County Horner for Governor Club.

Elmer Sample, Democratic candidate for coroner, spoke briefly concerning his present administration and his candidacy for re-nomination.

William Benson, representing David Evans for the legislature, spoke concerning Mr. Evans' record in the general assembly and urged his nomination at the coming primary.

Harry Mann, chairman of the Horner for Governor Club of Springfield, spoke briefly, stating that the Sangamon County Horner for Governor Colored Club has more than five hundred members.

Rev. H. H. DeWitt spoke in praise of Governor Horner and this administration.

Hershel White, of Springfield, was the principal speaker of the evening. He discussed the sales tax in general, stating that while the tax was not exactly what the administration would have desired, that it was the only tax that would raise the necessary revenue at the present time. He stated that when Governor Henry Horner became governor of the state of Illinois that the state was in debt several millions of dollars and that their credit was not the best and that they were paying 6% interest on borrowed funds. Comparing that situation with the present condition, he called attention to the fact that the state government was operating on a "pay as you go" basis and that interest rates were less than 3%—thanks to Governor Horner and the sales tax.

John Dunn, the newly elected president, spoke briefly in favor of the present Democratic administration and advised the audience that the club had a membership of sixty at the present time and expected to have at least one hundred before the next meeting.

The next meeting will be held in headquarters on South West street Friday evening, March 27th, at 8:00 p. m. A Springfield speaker will deliver the main address. The public is invited to attend.

JEFFERSON SCHOOL SCENE OF REGULAR NEIGHBORHOOD MEET

The regular neighborhood program was held Friday evening at Jefferson school and was well attended. A short program opened the entertainment, followed by four reels of movie films. An hour of gymnasium games closed the program.

Several vocal duet numbers were given by Misses Myrtle Denny and Eleanor Large, with Miss Marjorie Warlick as accompanist. A. D. Hermann led the audience in a community sing. Selections on the ukelin were given by Ralph Combes. A humorous talk completed the entertainment at the opening of the program.

Correct Cooling, Wrapping Of Bread Essential To The Production of a Good Loaf

Kleen-Maid Bakers Leave Nothing to Chance; Back Years of Experience With Tested Automatic Devices, Assuring Against Failure

The cooling of bread in a bakery is important because that is one of the things which determines the keeping qualities of the product, as well as the slicing and neatness of the package.

After the loaves come out of the oven they are placed on cooling racks and allowed to stand two hours before wrapping. This enables the crust to set, and the interior of the loaf to cool sufficiently to be sliced and made ready for wrapping.

It is also necessary to properly cool bread because if wrapped while too warm it may sweat in the package and become moldy.

In order to control and insure correct cooling this company maintains a shop schedule and check-up card on each batch of dough, showing at what time the bread was baked and when it should be wrapped.

The entire day's bread production is handled on an actual, dependable time schedule so that efficiency and goodness is always assured.

The quality of paper used in wrapping is also of importance—the careful packaging of bread is the result of good paper plus care on the part of the employee handling this particular job.

Good bread is the result of quality ingredients, combined with experience in production methods, plus again the cooperation of every employee.

Greene County Women's Clubs Are Entertained

Centerville Community Club Members Are Hosts; News Notes

Carrollton, March 20.—The members of the Centerville Community club were hostesses to the Greene County Federation of Women's Clubs, Wednesday afternoon at the Carrollton Presbyterian church. County president, Mrs. C. R. Thomas of Roodhouse, presided. New officers were elected to serve a term of three years. President, Mrs. James Ford, Greenfield; vice-president, Mrs. Meade Dixon, Rockbridge; Mrs. P. Achenbach, Rockbridge, secretary. The district president, Mrs. Clarence Steel of Kampsville, gave a short talk and urged all members to attend the district meeting to be held in Roodhouse, April 23. Attorney Julian Hutchins of Greenfield was the principal speaker, and the subject of his address was "The Legal Rights of Women." A musical program consisted of two piano solos, by Miss Dorothy Walker, two vocal numbers, sung by James Kidd, accompanied by Miss Virginia Merrill. Mrs. Tony Hansen played a pipe-organ number. A luncheon was served before the conclusion of the meeting.

News Notes

The Greene County Board of Supervisors at a meeting this week, voted down a proposal to sponsor once more a federal project involving relief gardens and a canning factory.

During the past two years several plots of ground have been leased in different parts of the county and persons on relief in these communities were permitted under proper supervision to grow vegetables for their own use during the summer and for canning for winter use. A. B. Van Schoik had general supervision of the gardens and also managed the canning factory in this city. The fact that the care of dependents goes back to the township this summer, under the change of the law, probably had something to do with the decision of the board to drop the gardens and canning project.

An effort to balance the county budget also influenced the board. Robert L. Edwards, superintendent of the county farm, was re-employed as county superintendent of the poor, for a term ending July 1, when the change in the law goes into effect. Pauper bills allowed for the preceding three months amounted to \$6500.00, which was about one-half the entire total allowance for the quarter. All bills allowed at the meeting amounted to \$12,242.60.

The L. M. I. Club met Monday afternoon at Library Hall. A paper prepared by Mrs. M. A. Beger, who was unable to be present, was read by Mrs. O. T. Purl. Subject "Our Writer Presidents."

Circle To Meet
Member of the East End Reading circle will be entertained Monday afternoon, March 23 at the home of Mrs. Jesse Davis, instead of Mrs. E. W. Curnett as previously announced.

ROSEMARIE BRANCATO

Rosemarie Brancato, coloratura soprano, whose concert was postponed, will be presented on Wednesday, March 25, by the Jacksonville Cooperative Concert Association at 8:15 p. m. at the High School auditorium.

Twenty-two year old Rosemarie Brancato attained success at a single bound when she appeared with the Chicago Opera company, reaching fame overnight. In the role of Gilda in "Rigoletto" the public had found an adorable interpreter. Her voice soared with a freedom to the highest reaches of the human voice—a lyric soprano pure and true, that held the audience spellbound.

She will delight her audience in the concert which she will give in this city with her marvelous range and freshness of tone.

Explains Laws on Switching Parties

State's Attorney Outlines Statute as Applied to Change in Primary

So numerous have been the inquiries of the State's Attorney relative to the right of voters to change their party affiliations at the coming primary election to be held April 14, 1936, W. H. Absher, State's Attorney, thinks it advisable that the following statements as to the law applicable thereto be made public in order that every voter contemplating such change may be correctly informed.

If a voter voted the Republican ticket in the primary held April 10, 1934, he may legally vote the Democratic ticket on April 14, 1936, provided he did not vote the Republican ticket in a city primary between April 10, 1934 and April 14, 1936. If he voted the Democratic ticket in the primary held April 10, 1934, he may legally vote the Republican ticket on April 14, 1936, provided he did not vote the Democratic ticket in a city primary between April 10, 1934 and April 14, 1936.

If the voter voted the Republican ticket in a city primary between April 10, 1934 and April 14, 1936, he cannot vote the Democratic ticket in the primary April 14, 1936.

If he voted the Democratic ticket in a city primary between April 10, 1934 and April 14, 1936, he cannot vote the Republican ticket in the primary of April 14, 1936.

Bridge of Glacial Ice Is Nature's Masterpiece

A striking example of Nature's architectural wizardry is this huge arch of ice, bridging a tumbling torrent in Glacier National Park. Carved by water erosion throughout the ages, this beautiful formation, named Agassiz Glacier after the famed Swiss-American naturalist, is one of the park's most impressive sights. From above, the glacier resembles a huge bird flying over the mountain pass.

May Festival Will Be Held May 1 at Jacksonville High

Choral Club Program and Crowning of Queen to Be Featured

The Annual May Festival will be held at the High school on May 1, sponsored by the Choral club, and directed by Miss Lena Hopper, music supervisor. Many numbers are being arranged by the choral club for this event which is outstanding on the High school calendar.

The crowning of the May Queen will be a feature of great interest, as the choice of the queen and her attendants is a secret until the evening of the festival. This is a special honor awarded to those of the seniors who have given faithful and marked service to the organization.

The guest soloist will be Miss Sara Mason, of Chicago, who formerly resided in Jacksonville and was a member of the Treble Clef club. Miss Mason has won honors in Chicago at the Festival of Music held at Soldier's Field in '34.

Auto Wheel Comes Off and is Struck By Second Machine

Freak Accident Occurs in Greene County; Slight Injuries to Two

White Hall—A peculiar auto accident occurred Friday afternoon between White Hall and Roodhouse. Charles Vaughan and his father-in-law, Prosia Walburn, who reside on Bradshaw Mound east of White Hall, were driving from Roodhouse to White Hall, when a rear wheel came off their car and rolled along the

pavement. Behind them were Mr. and Mrs. Solomon Waltrip, and their son, Lynn Waltrip, and a small child, who reside at Wrights and had been in Jacksonville and were returning home.

The Waltrip car struck the rolling wheel and damaged their car slightly and Mrs. Waltrip received a bump and small gash on her forehead. Lynn Waltrip, who is just recovering from an appendicitis operation was badly shaken up, causing him considerable pain. Neither car turned over, Mr. Vaughan being able to stop his car before any other damage was done.

The people from Wrights had been in Jacksonville where Mrs. Lynn Waltrip had undergone an operation that day, and her husband had consulted his surgeon, about his recent operation.

John Manley of Roodhouse underwent a mastoidectomy at the White Hall hospital Thursday morning.

Doris Powell, daughter of Mr. and Mrs. Charles Powell of Hillview, underwent an appendectomy in the White Hall hospital Thursday afternoon.

Miss Edith Hyatt, principal of the Grade school is a medical patient in the White Hall hospital, suffering with influenza.

Jimmie Lane of Wrights vicinity a pneumonia patient in White Hall hospital remains about the same.

Mrs. Ruby Hunsman of Roodhouse underwent a major operation in White Hall hospital Friday morning.

Ashland To Hold Inter Club Meet

Petersburg Rotary And
Other Clubs Will Be Present
Tuesday; News Notes

Ashland, March 21.—Final arrangements for the Inter-Club and Educational meeting of the Ashland Men's Community Club, to be held Tuesday, March 24, in the high school auditorium, are being completed, and indications are for one of the largest attendances the club has had. Beside the entire membership of the Petersburg Rotary club, reservations have also been received for delegations from Taylorville, Shelbyville, Springfield, Beardstown, Rushville, Jacksonville and a number of other neighboring towns. Widespread interest has been attracted by the evening's speaker and his subject—Dr. O. F. Weber of the University of Illinois College of Education will speak.

News Notes
Mrs. Emmerson Thornley, of Ashland, and Miss Edith Hubbs, of Jacksonville, entertained at a buffet supper Thursday evening, at the Hubbs home. The affair was in honor of Miss Frances Cody of Jacksonville, and guests from Ashland included Mrs. Henry A. Reiser and Miss Lois Wyatt. The Modern Poetry club of Ashland will be entertained Monday, March 23, at 2:30 p. m. at the home of Mrs. Anna Conover, who will present a talk on "The Troubadors, the Poets of Southern France."

Mr. and Mrs. Lee Terhune motored to Arthur, Ill. Friday, where Mr. Terhune had a new tank fitted to his oil truck. They were dinner guests Friday evening at the H. M. Mosley home in Decatur.
Mrs. Edward Moy of Jacksonville was the guest of honor at a delightful pot luck supper given by the congregation of the Ashland Christian church, Friday evening. Decorations were in green and white, with special bridal appointments for Mrs. Moy's table, and she was presented with a set of flat silver by those present, in appreciation of her work in the various activities of the church. Mrs. Moy was formerly Miss Frances Shelton, daughter of Mr. and Mrs. J. T. Shelton of Ashland.
A miscellaneous program was enjoyed after the supper.

The Loyal Bureau class of the Christian church will meet Wednesday afternoon, March 25, at the home of Mrs. Anna Conover. Assistant hostesses will be Mrs. Virgil Evans and Mrs. Perry Holmes.

RETURNS FROM MEET
John T. Hackett, manager of Walton & Company, local Iron Fireman dealer, has just returned from the international convention of the Iron Fireman Manufacturing Company in Cleveland.
Mr. Hackett reports that the Iron Fireman Manufacturing Company predicts that this year will be another record breaking year for Iron Fireman, the world's largest manufacturer of automatic coal firing equipment.
He also states that an announcement of certain improvements, refinements and new equipment, of particular interest to local residents, will be made within a short time.

CARD OF THANKS
We desire to thank our many friends for their sympathy and kindness during the death and burial of our dear mother.
Abernathy family.
Mrs. C. S. Fife was included in the number of Saturday shoppers in the city from Waverly.
Roy Nickel of the Concord community was a business visitor in the city yesterday.

Feed Supply Big Item As Raising Of Chicks Begins

Urbana, Ill.—Almost a half million tons of feed will be needed to raise the 35 million or more chicks that are now coming on in Illinois, according to H. H. Alp, poultry extension specialist of the College of Agriculture, University of Illinois.

Flock owners who are not prepared in advance to do a good job of feeding will be in no position to cash in on next winter's egg production, he pointed out. Feed represents very close to half the total cost of growing a pullet to laying age. It is therefore important that the job be well done, he said.
During the first week of their lives the 35 million chicks in the state's annual crop will eat 1,750 tons of feed, Alp reported. It takes about 10 pounds of feed to feed 100 chicks during the first week. By the end of the first 24 weeks 100 chicks will have eaten 2,475 pounds of feed, or more than a ton. This is 433,125 tons for an average state crop of about 35 million chicks.
"Farmers who are planning to sell broilers may find that it takes more feed than they had allowed. Up to eight weeks of age chicks take 3½ pounds of feed to make a pound of chicken. Between the eighth and the 16th weeks it takes 5½ pounds of feed to make a pound of chicken, and between the 16th and 24th weeks it takes nine pounds of feed to make a pound of chicken.
"With feed requirements running as high as they do, the total bill can easily wipe out all the profits unless the feeds are carefully planned and the feeding skillfully done. A good mash mixture for starting baby chicks will cost about \$2.25 a hundred pounds

Decatur Wins Illinois State High School Basketball Title

Bob Grieve Equals 70 Yard Dash Mark

Chicago, March 21.—(P)—Bob Grieve, brilliant little University of Illinois speedster and western conference indoor 60 yard dash champion, outdistanced his field to equal the meet record for the 70 yard dash here to-night in the eighth annual running of the Armour Tech relay games in the University of Chicago field house.

Grieve, competing in the University dash, stepped the distance in 7.1 to equal the Armour record set in 1934 by Randall Herman, of Carleton, fourth in tonight's race. The stocky Grieve, who won his Big Ten indoor title last Saturday night and easily won the Central AAU 60 meters dash Friday night, led from the start, finishing three yards in front of Ned Seppel, of Marquette, with Paul Phillips, also of Marquette, in third place.

The classy mile relay team of Gavrilavicz, Hulse, Matthews and Baker, from Michigan State Normal College, set a new meet record of 3 minutes, 27.8 seconds for the college mile relay event, bettering their old meet record of 3:28.9 set in 1934.

Another new meet record was set in the University 70 yard high hurdles, Osmen (Doc) Humley of Illinois, sped over the timbers at 8.7 seconds, clip, taking one-tenth of a second off the meet record made by Black of Chicago in 1932. Huntley beat Robin-

Ceiling Captures Royal Palm Purse

New York, March 21.—(P)—Ceiling, carrying the light and dark blue silks of Charles Bacharach's southland stable of New Orleans, showed the way home to six other three-year-old fillies in the Royal Palm handicap at Tropical Park today.

The bay son of Ariel, with Milton Dabson in the saddle, drove to the wire a length and a half clear of the Wheatley stable's Faust, the favorite. H. H. Brown's Swamp Angel, one of the outsiders, took third money, three lengths back of Faust.

In winning his second straight purse, Ceiling covered the eight furlongs in 1:37 1/5 to pay his backers \$8.20 for \$2 and earn \$1,500 for his owner. He also was the second son of Ariel to score today, Dewitt Pace's Rockwood having taken the juvenile event.

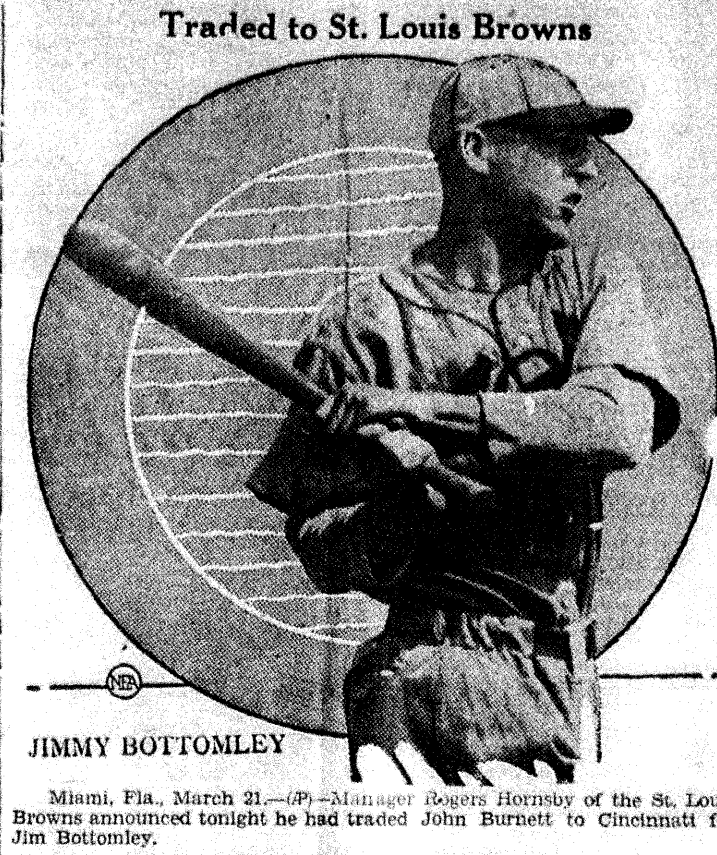

From a good start, Wayne Wright shot Don Creole in the lead with Faust and Ceiling in closest pursuit. Don Creole had enough after a half-mile as Ceiling took command with Faust at his flanks. The latter slowed up in the final sixteenth, however, as the southland colt pulled away in a game finish.

R. A. Coward's High Break maintained her consistent record when she came from off the pace to beat eight other high class sprinters in the six furlong feature at the Fair grounds. The victory marked the 13th time in 14 starts this year in which the six-year-old daughter of Morovich had finished in the money. Eight times she has been first.

Today she trailed the early pace but closed gamely to beat Betsy Hernandez's Lohsechen by a nose with Clyde Trout's Huey, third. The time was 1:11 2/5, only one-fifth of a second off the track record. Despite her consistent record, Heart Break paid the good odds of \$9.20 straight.

Henry Picard Wins \$3,000 Golf Match

Charleston, S. C., March 21.—(P)—Turning in a pair of 72's today for a 72-hole total of 278—six under par—Henry Picard, of Hershey, Pa., won the \$3,000 tournament of the gardens by exactly the same score with which he won it last year.

Starting the last 36 holes over the Wappoo course five strokes ahead of the field, the former Charleston Country Club pro matched even par to add two more strokes to his lead as heavy winds took their toll.

Trailing Picard in second place was Paul Runyan of White Plains, N. Y., who finished with a 285. Frank Walsh of Chicago was next in line with a 286, while the veteran Walter Hagen of Detroit and Dick Metz of Chicago followed with 289's.

Picard, who learned the intricacies of the Wappoo course while he was pro here for several years before going to the Hershey, Pa., club blazed into the lead at the start. The first day he posted a 67, four under regulation figures, and followed up with a 69 the second day.

Ky Laffoon of Chicago turned in a par 71 for his afternoon round for an aggregate of 290 to put him in sixth place. Next in order, Jimmy Thompson of Beverly Hills, Calif., finished with a 291. Herman Barron of White Plains, N. Y., was but a stroke behind with a 292.

Come From Behind in Second Half and Snatch Game From Danville Quintet 26 to 22

By Harvey Hudson

Champaign, Ill., March 21.—(P)—A scrapping band of Decatur high school athletes, lightly regarded in the pre-tournament speculation, tonight won the Illinois state high school basketball championship by vanquishing the favored Danville quintet, 26 to 22.

The defeat was the first in 24 games this season for the Danville speed Merchants who had brushed aside Centralia, Moline and Mt. Pulaski in order to achieve the final.

The title was the second in the past five years for Decatur and Coach Gay Kintner, repeating the triumph of the 1931 quintet. Decatur conquered Peoria Manual, Vandalia and Johnston City in its triumphant march to the crown.

Danville, uncannily accurate on shots in previous games, counted only eight goals tonight on 61 attempts at the basket. Decatur scored eight field goals on 47 shots.

Paul Weingand, slender 6 foot 3 inch Decatur center, was the spark plug of the Decatur offensive with his accurate rebounding and precise defensive work under the Danville backboard. Weingand tallied four field goals and two free throws for a ten point total, the highest of the game.

An overflow crowd of 6,990 persons witnessed tonight's stirring finale, bringing the total tournament attendance to approximately 41,000 persons, a new record.

The fourth quarter was in progress before Decatur took the lead for the final time. The period opened with Danville in possession of a slender 20 to 19 advantage, but Harold Bakers free throw knotted the count. Weingand followed with a rebound and a short under hand shot.

The timer signalled 30 seconds to play just before Jack Owens dropped a long basket for Decatur. Paul Minick put the score at its final status with a swishing goal from the side of the floor.

Coming as an anti-climax for both teams, the third place tilt found both teams using a delayed offensive attack. The Mt. Pulaski defense, however, could not hold its position on the Johnston City maneuvers around the foul line and gave the Southerners a number of set-up shots.

Clyde Rodden, Johnston City forward, tied the high scoring record of this years tournament by meeting eight field goals and three free throws. Stockton was high scorer for Mt. Pulaski with three free throws.

Danville recorded its 23rd consecutive victory in trouncing Mt. Pulaski, 36 to 33, in the semi final round. Jack Owens led the winning offensive with five field goals and a pair of free throws while Bob Williams tallied eight points on four goals.

The last period opened with Danville holding a comfortable 30 to 23 advantage but Earl Stockton, David Stacey and Carl Williams opened up to press the issue. Stacey took scoring honors for the game with 14 tallies.

Decatur and Johnston City alternated their scoring by quarters, with Decatur taking an 8 to 2 lead in the first period. Johnston City pulled up in the second quarter and was trailing only 8-10 at the intermission. Again Decatur pulled away after the half, holding a 17 to 9 advantage as the final period opened.

Johnston City pulled up to a 17-11 tie before Ken Park scored a free throw for Decatur, with a minute to go, Bob Richmond dropped a shot from side of floor to put the southerners ahead. Paul Minick decided the issue, however, by dropping an easy attempt through the Decatur goal just before the game ended.

The Most Useful Coat YOU CAN BUY

Knit-tex is a remarkably versatile coat. You can wear it in comfort on balmy Spring days because it's light in weight. Then when there's frost in the air it surprises you with its snug warmth. It's grand for general knock-about wear... traveling... because it's sturdy and practically wrinkle-proof. Drizzle-proof, too. It's exceedingly practical for every day business wear. Can you think of a more useful coat to keep in your wardrobe all-year-round?

"Y" BASKETBALL SERIES ENDS THIS WEEK

This week's play will bring to a conclusion the Y. M. C. A. basketball program for the year 1935-36 at the D. P. gymnasium. The season's program consisted of three leagues. During the months of January and February six teams took part in the city league, and concluding action this week are the "A" and "B" recreational league which are made up of five teams each.

The winner of the "A" league will be given an opportunity to challenge Smith's Indians, the city league champions, to a play-off for this year's Y. M. C. A. individual basketball awards.

Monday's and Tuesday's games will be played as schedule below, but should an upset occur whereby a play-off would be necessary, the Irish Independent-Speedboys game would be played as a preliminary game on Wednesday evening to the play-off. The other two games and another play-off game on Thursday night.

The schedule:

Monday, March 23.

7:10—Irish Independents vs. Chevrolet.

8:00—Murrayville vs. Smiths.

8:50—Business College vs. Steinheimers.

Tuesday, March 24.

7:10—Murrayville vs. Business College.

8:00—Chevrolet vs. Lynnville.

8:50—Steinheimers vs. Smiths.

Thursday, March 26.

7:10—Business College vs. C.C.C. boys.

8:00—Irish Independents vs. Speedboys.

8:50—A. & P. vs. Lynnville.

Hawthorne Gold Cup Abandoned

Chicago, March 21.—(P)—The Chicago Business Men's Racing Association, operator of Hawthorne, announced today the abandonment of the Hawthorne gold cup, annually a fixture for the west side track when it held its meetings in the fall of the year. In its place will be substituted the Chicago derby, at \$15,000 added, officials said.

The stakes to be run at the meeting extending from May 23 to June 27 are: May 23, Hawthorne Inaugural Handicap, \$5,000 added; May 30, Decoration Day Handicap, \$5,000 added; June 6, Hawthorne Juvenile Handicap, \$5,000 added; June 13, Hawthorne Sprint Handicap, \$5,000 added; June 20, Chicago Derby, \$15,000 added, and June 27, Illinois owners Handicap, \$5,000 added.

TYPICAL DODGER

One full year with the Brooklyn Dodgers, and outfielder Stanley Bordagaray, canary raiser de luxe, already is laying "em in the team's Clearwater, Fla., training camp with a mustache, one of the first worn in baseball since John Titus sported handbeards back in the good old days with Philadelphia. Here's Bordy with his lip covering.

Browns Wallop Athletics 9-7

Miami, Fla., March 21.—(P)—Manager Rogers Hornsby of the Browns took a turn at second base today as his club walloped the Athletics, 9 to 7. But Hornsby didn't make any of the Browns' nine hits.

Hits, walks and errors all combined to give the Browns 4 runs in the sixth, their big inning. Philadelphia scored three in the first.

DeLaSalle To Meet St. Mary In Final

By William Weekes

Associated Press Sports Writer

Chicago, March 21.—(P)—A field goal 15 seconds before the final gun by Martin Broderick, pinstriped guard, gave St. Mary of Anderson, Ind., a 32 to 31 triumph over Campion High of Prairie Du Chien, Wis., tonight and the right to meet DeLaSalle of Chicago for the National Catholic prep basketball championship.

DeLaSalle won its place in the final which will be played tomorrow night, by conquering a neighbor, St. George of Evanston, Ill., 39 to 32, in another rousing battle. Joe Gresik, with 15 points, and Eddie Riska with 12, were the heroes of DeLaSalle's victorious drive.

Big, fast, and equipped with good shooting, DeLaSalle is favored to defeat the game band of comeback artists from Indiana tomorrow night.

(Nicholson, Wenhe, Betourney, Time 1 min. 34.1 sec. 1935.)
Naperville, Ill.—Over 250 athletes from the Illinois Intercollegiate will compete in the ninth annual conference swimming meet and the sixth annual indoor track meet at North Central college in Naperville, next Friday and Saturday, March 27-28. The tank squads will stage their battle Friday, while the track squads will fight for conference honors, Saturday.

Illinois College, the defending champion, Bradley, second place winner, St. Vistor, Knox, Illinois Wesleyan, Monmouth, Augustana, Millikin, Macomb Teachers and North Central are entered in the swimming meet. Illinois College captured the 1935 crown with 35 points as records in every swimming event except the 100 yard free style went into discard. Previous champions have been: Illinois Wesleyan 1928, 1929; Knox 1930; Wesleyan 1931, 1932, 1933, 1934 and Illinois College 1935.

Remarking from the championship race of last year at Illinois College are Dan Stucka and Glenn Freeman, free style ace and John Bunch, driver. Dewey Morberg and Joe Juel, stars of the 1935 team are no longer in school. Stucka has bettered the conference 50 yard freestyle record in meets this year and Ed Timko, a newcomer, has equalled the 220 yard mark. Two other new men, Patterson and Koryev, backstroke and breaststroke artists, make the Illinois College team a strong one again this year.

Wesleyan is paced by two record-holders, Alvin Kellar and Jim Ellis. Kellar set a new mark of 1:18.3 in the breaststroke last year while Ellis owns the 100 yard free style record, 1:24 set in 1934. Mickey Aikonis, diver, is another Wesleyan star.

Eddie Fairman, diver and breaststroke and Thomas, backstroke are Monmouth's best men. Dan Hallah, runner-up in the diving last year, is Millikin's ace.

Illinois' swimming team has registered victories over both Wesleyan and Bradley in dual meets, with its well balanced team, but both Wesleyan and Bradley have swimmers who have won the important first places from the Illinois' side.

Catch Ray Nusspeckel will take the swimming team to North Central next Thursday in order to have them there in time for the meet. Illinois is not entering any athletes in the indoor track meet.

Chicago, Ill.—Bobby Grieve, University of Illinois sprinter, added another championship to his collection today and bettered a world's record in doing so. He won the 60 meters dash with yards to spare last night in the thirty-eighth running of the central A.A.U. track and field championships at the University of Chicago field house.

His time was 6.6 seconds, better than the meet record of 6.8 which he held jointly with Ralph Metcalfe, Marquette, and also better than the listed world's indoor mark on dirt of 6.7 held jointly by Metcalfe and Jesse Owens of Ohio State.

Last Saturday night the Illinois sprinter won the Western conference indoor 60-yard dash championship. Charles Fenske, Wisconsin distance star, won the 3000 meters run in 8:52.1.

BORAH WORKING FOR STATE ENDORSEMENT

Chicago.—(P)—Expressing confidence in Illinois victory would pre-empt his nomination by the Republican convention, Senator William E. Borah opened his drive for the presidential preference endorsement of his native state today.

The Idahoan plunged into a round of parleys with his supporters and prepared to deliver an address to-night after gauging the importance of the April 14 primary in this state.

"If Illinois gives me its approval, I feel certain I will be nominated at the convention."

Borah reiterated he was not in the race merely to fight the "old guard" or to see a liberal candidate on a liberal platform. He said:

"I am asking this (endorsement) for myself in conjunction with no other person and for no other purpose than to secure the nomination if it is possible for me to secure it."

ACT BECOMES LAW

Springfield, Ill.—(P)—The legislature's appropriation of \$100,000 for pumps at the flooded Johnson City mine today was permitted by Governor Horner to become a law without his signature.

The governor ordered the bill filed with the secretary of state, which made it effective without his formal approval.

The attorney general's office recently questioned the constitutionality of the appropriation of \$100,000 to install and operate pumps at the Old Ben mine No. 18, which has been flooded for several months.

Gifford is shown in characteristic pose while testifying.

Stricken Areas to Be Aided

President Allocates Emergency Funds for Repairs and Replacements in Districts Hit by Floods.

TO EMPLOY THOUSANDS

Washington.—(AP)—President Roosevelt today allocated \$43,000,000 to the works progress administration for repairs and replacements in the flood stricken areas.

This sum includes an emergency allotment of \$18,411,633 on February 29 and a new allotment of \$25,000,000.

Mr. Roosevelt gave the Works Progress administration "blanket authority to restore roads, streets, bridges, sewers, water and electric power plants, and other damaged public properties."

Harry L. Hopkins, WPA administrator, informed the president he could put 250,000 WPA workers on the rehabilitation job in the 10 states where property losses are heaviest—Maine, Massachusetts, Vermont, New Hampshire, Connecticut, New York, Pennsylvania, Maryland, West Virginia, and Ohio.

The president announced that emergency projects would be given preference in all cases.

Rush to Complete AAAP Program Ahead Of Spring Planting

Many Conferences Held for Organization of County Farm Groups

Washington.—(P)—Flashing throughout the country the signal to start the complex soil conservation program, the New Deal stroke today to bring the nation's farmers within the \$470,000,000 program before spring planting starts in earnest.

Farmers were summoned hurriedly to many conferences to organize County Producers' Associations. These will help administer the vast conservation plan, basis for subsidy payments to farmers.

Secretary Wallace had announced that the new program substitute for the invalidated agriculture adjustment act, would provide an average payment of \$10 for each acre of commercial, soil-depleting crop lands shifted to soil conserving uses.

A short time earlier President Roosevelt had signed an appropriation bill carrying \$440,000,000 for the program and making \$30,000,000 of unexpended money available.

Wallace acknowledged that some details of the program are not perfected. But operation is to begin immediately, with the aim of shifting 30,000,000 acres from soil depleting crops to conservation growths in 1936.

The AAA divided all crops into three classes for subsidy purposes: Soil depleting, soil conserving, and soil building.

Each participating farm is to have a "soil depleting base acreage"—the acreage of depleting crops planted in 1935 with modifications to meet "unusual situations."

There are to be two types of subsidies—"soil building" and "soil conserving" payments.

The soil building payments will be made for planting soil building crops on commercial crop land in 1936 and for approved soil building practices on crop land or pasture.

The rate of this payment will be based on the recommendation of state committees, but will not be more than \$1 an acre. An exception is made for small producers who may qualify for payments up to \$10.

The second, or soil conserving payment, is to be made at a specified rate for shifting from soil depleting to soil conserving or soil building crops for 1936.

If a farmer is to receive a subsidy, his acreage of soil conserving or building crops must be equal to 20 percent of the farm's soil depleting base, or equal to the maximum limit set for diversion.

State Delegation To Congress Will Show 7 New Faces

Five Incumbents Not Candidates; New Vacancies

By ROBERT P. HOWARD Associated Press Staff Writer

Springfield, Ill.—(P)—Regardless of the outcome of the April primary and November election, there will be seven new faces in the Illinois delegation of 27 to the national house of representatives in the next congress.

In addition to two vacancies, five of the incumbent congressmen are not candidates for re-election.

Groundwork for a better fall campaign is being laid in advance of the primary. The Republicans, who elected only six congressmen in 1934, are lining up in an effort to carry more of the downstate districts.

Candidates for primary nominations include four Republicans and three Democrats who formerly sat in congress. Five Democrats and three Republicans are unopposed for their district nominations.

New Men will be elected to the two seats as congressmen—at a large Michael A. Bame resigned to become U. S. district attorney and Martin A. Brennan of Bloomington didn't campaign when he failed to get the Democratic organization endorsement for another term.

The second vacancy is in the 23rd district, William W. Arnold of Robinson, Democratic veteran, now being a member of the federal board of tax appeals.

The four district congressmen who are retiring voluntarily are John T. Buckbee, Rockford Republican, and three central Illinois Democrats—C. Dobbins of Champaign; L. DeRoy Adair of Quincy and Harry H. Mason of Pawnee.

Former Congressman Frank Gillespie, Bloomington Democrat, and Frank M. Bame, Hillsboro Republican, are primary candidates again. Walter Nesbit of Belleville, who served one term as congressman-at-large, is attempting a comeback in the East St. Louis district.

Four Chicagoans also are trying to regain the places they once held in the congressional delegation. They are Oscar DePriest, Negro; P. H. Moynihan and M. A. Michaelson, Republicans, and Stanley Henry Kunz, Democrat.

Adolph J. Sabath, veteran of 14 terms, has no Democratic opposition in his Chicago district. Other Democrats who aren't bothered with a primary campaign are two of the incumbents, Kent E. Keller of Ava and Raymond S. McKough of Chicago; Gillespie and Charles C. Dickman of Peoria, a member of the parole board.

Everett M. Dirksen of Pekin is the only Republican congressman without opposition, but two other GOP candidates also are being nominated without a contest. They are Clinton Searle of Rock Island, a leader in the state house of representatives, and Joe E. Anderson of Galesburg.

Ashland HS. Alumni Association Holds Successful Benefit

Eleven Table Bridge Party Given at Hall; Ashland Social Calendar

Ashland.—The Ashland High School Alumni Association sponsored a benefit card party Thursday night in Hexter's hall. Eleven tables were made up for bridge and pitch.

First prize for high bridge score was won by Miss Christine Six and second by Mrs. George Purvins of Pleasant Plains; men's first by J. J. Jenkins and second by R. E. Mau. At pitch, ladies' first was won by Mrs. E. J. Hinds and second by Mrs. Anna Mathy; men's first by Jack Gardner and second by J. V. Beggs. Refreshments were served at the close of the games.

The committee in charge of arrangements was headed by Miss Joanna Gardner, president of the association.

Baptist Women Meet
The Women's Mission circle of the Ashland Baptist church held its regular meeting Wednesday afternoon at the home of Mrs. Lillian Miller, who was assisted by Mrs. Mary Dorand and Mrs. Barry Ringler. Eighteen members were present and the program which was in charge of Mrs. Ralph Thompson included interesting talks by Mrs. Ada Walbaum, Mrs. Floyd Spicer, Mrs. E. J. Hinds, and Miss Gertrude Foraker. Refreshments were served during the social hour.

The members of the Women's Auxiliary of the American Legion post of Ashland entertained their husbands at a St. Patrick's card party Wednesday evening in Legion hall. Pitch was the game of the evening and about thirty couples were present. Prizes were awarded to Miss Mary Gutmann, Mrs. Siebert Quinley, Guy Lyman and E. J. Hinds.

Class at M. E. Parsonage
The Matilda class of the M. E. church enjoyed a very pleasant meeting Thursday afternoon at the parsonage with Mrs. Charles L. Coleman as hostess, assisted by Mrs. Walter S. Williams, Mrs. D. H. Sorrells, and Mrs. Louis H. Carls. Mrs. Williams was leader of the program and devotional study was in charge of Mrs. Frank Isenhour. Other numbers included a vocal solo by Miss Ruth Anne Sinclair, reading a poem by Edgar Guest by Mrs. Martha Walbaum, and vocal selections by little Miss Cathleen Campbell. The hostesses served dainty refreshments during the social hour.

Six O'clock Dinner
Mr. and Mrs. Harry Daniel entertained at 6 o'clock dinner at their country home west of town Wednesday evening with the following guests: Mr. and Mrs. Andrew E. Wyatt of Springfield; Mr. and Mrs. Harry Bailey and daughter of Virginia; Mr. and Mrs. George Bailey and daughter, Miss Lorena, Charles Bailey and daughters, Misses Eula and Glena, Mr. and Mrs. Frank Bailey, all of Ashland.

BEGIN HERE TODAY

TOBY RYAN, 19, works behind the jewelry counter of a large Manhattan department store. She poses for a photograph to be used in a store advertisement and MARY HATT, the photographer, tells her she has a "camera face."

Toby goes to dinner with BILL BRANDT, who works in an advertising agency.

A few days later Toby loses her job, due to the scheming of jealous MAURINE HALL, also employed in the jewelry department. Toby's efforts to find another job are fruitless. Then she meets MARY HATT again. He sends her to BEN BLAKE, manager of a model agency. Blake tells her she must have photographs and arranges with Hatt to take the pictures.

Toby tells BILL BRANDT all about this. Later, on the way home, Bill says, "Toby, there's something I want to say to you."

NOW GO ON WITH THE STORY.

CHAPTER X

BILL spoke slowly. "It's like this, Toby. I think you're going to make the grade all right. I mean when Blake sees those pictures I think he'll say you're great. At least, he will if Hatt's any good as a photographer. I think you'll go over like a million dollars. Honestly I do! But—well, just in case those pictures shouldn't do justice to you—they might not, you know—I want you to remember there are other jobs. Good ones, too. It isn't a good idea to set your heart on this thing too strongly."

Toby said, "Of course not. I know what you mean, Bill."

"Now, don't get the idea I'm trying to discourage you," he insisted. "Not a bit of it. I don't want you to think—"

Toby shook her head. "You haven't discouraged me," she said, smiling. "You've done just the opposite. It's been a beautiful evening, Bill. It helps so much to talk things over with someone who understands, someone who's on your side. I guess that was what I needed. And the flowers—"

She turned her head to catch the fragrance of the gardenias on her shoulder. "I know very well I shouldn't have let you buy them, but oh—I do love them!"

Bill's moment of seriousness was gone. He grinned. "Some of these days, my fine friend, you'll be wearing gardenias by the truck load."

"Oh, but I couldn't!" Toby frowned in mock horror. "What would Emily Post say?"

"Well, then, my bushel. Is that better? You're going to show 'em, Toby; you're going to go places. You and me both!"

"Of course we are," She gave him her hand and Bill took it—a handclasp that was a pledge.

"Got to get my beauty sleep now," Toby told him. "Oh, Bill, it's been a grand evening!"

"I thought so," he told her soberly. "Remember what I told you, Midget. You're going to go places!"

"I'll remember," she promised. "Good night, Bill."

"Good night, Toby."

She ran up the steps then, opened the door and, about to enter, looked back. Bill was watching and his right hand went up in the characteristic salute. Toby smiled, saluted back. Then the door closed behind her.

Toby, studying the picture, thought, "But she's beautiful. Oh, I know I haven't a chance!"

your heart on this thing too strongly—"

Oh, but Bill was a dear! He didn't want her to be hurt when the report came about the photographs. "And he's right, too," Toby told herself. "I mustn't count on anything. I won't even think about it any more. I'll start to-morrow morning and look for a job."

Resolutely she clung to this decision. "Bill's right," she told herself again. "He was trying to help me. And he had helped her with all his advice and gaiety, with his sound advice, too. She thought, "I'm lucky to have a friend like Bill. There's nobody else like him."

It was true. There was no one like Bill. No one Toby had ever known. Back in her school days there had been boys who had taken her to football games, class parties and movies. She hadn't cared for any of them in particular and when she left school without graduating she had not automatically dropped out of the "crowd." Toby had been too busy since then earning a living to think much about men. The ones she'd met in the last two years weren't the sort to inspire romantic thoughts—fresh guys, most of them, and Toby knew how to deal with them promptly.

TOBY went to bed that night, firmly resolved to be up early next morning to begin the search for a job—a job in a store or running an elevator or operating a switchboard, something she knew she could do.

She kept the resolution. But it was Saturday, the poorest day in

thought, "But she's beautiful. Oh, I know I haven't a chance!"

Monday morning she left the house early, a list of addresses from the want ad pages in her purse. At one place a woman with her hair in an old-fashioned pompadour told Toby there might be something in 10 days or so, and advised her to come back. With dozens of other girls, Toby stood in line in several offices, only to hear, after waiting for a hour or so, that the vacancies had been filled. She rode subways and street cars and trudged blocks on foot, but she came home jobless.

It was the same on Tuesday. More offices, more interviews—but nowhere a job. It was the middle of the afternoon and there were two more addresses on Toby's list when suddenly she stopped in dismay. A wide and noisy line—a run, several threads wide—had appeared in her stocking.

Toby thought, "Another pair of stockings ruined!" That was bad enough, but there was something worse. She couldn't go looking for a job wearing such stockings. Anyone would see that run. A new pair would cost 39 cents and she'd have to buy them right away.

Fifty-nine cents was all Toby ever paid for stockings. She knew a shop where very serviceable ones were sold at that price.

By the time she reached the shop and made her purchase it was too late to do anything but go home.

Toby rode home on a surface car. Wearily she opened the door of the rooming house, went inside. Almost instantly a door at the far end of the dim hall opened and a head appeared.

"That you, Miss Ryan?"

"Yes."

The broad outlines of Mrs. Moeller, owner of the rooming house, emerged from the gloom. "There was a telephone call for you," she announced. "About half an hour ago."

"Who was it?" Toby asked eagerly. "Did they leave any message?"

Mrs. Moeller shook her head. "It was a woman's voice," she said. "Didn't give any name. Didn't leave any message."

"Oh—" Toby hesitated. Then she said, "I'm going to my room now, Mrs. Moeller. If there's another call, I'll be there. It may be important."

"I'll let you know if anyone calls," the rooming house keeper promised. Her manner implied that she considered this extremely doubtful.

Toby climbed the two flights of stairs. She decided after a wait of nearly an hour that Mrs. Moeller was right. There was no going to be another call that afternoon. Either the photographs had been hopeless or Ben Blake had forgotten all about her.

And then, almost magically, she heard the muffled ringing of the telephone. Toby was half-way down the second flight before Mrs. Moeller had finished the last syllable of her shrill "Miss Ryan!"

Toby said, "Yes, I'm here—"

Breathlessly she took the receiver. She said, "Yes, this is Toby Ryan. Yes—"

She spoke quickly, excitedly, and then waited, listening to the voice over the wire. Suddenly, with a quick intake of breath, Toby said, "Oh—" and stopped as though she could not go on.

Talks, Programs Mark Activities Of YMCA Past Week

Twelve Clubs Hold Meetings With Boys, Girls In Attendance

A number of interesting talks and programs have been included in the Y.M.C.A. activities of the past week. Among them was an address on Tuesday night at the Young Men's Vocational Guidance club on "Occupational and Vocational Changes of the Present Day" by Victor Sheppard, the county superintendent of schools, and a talk at the Hi-Y club on Thursday night on "Religion and God—what do we think about them?" by Rev. W. A. Richards. On Friday evening R. E. May spoke to the boys of the C.C.C. on "The Oil Industry and its varied possibilities" and opportunities for young men, and on Tuesday evening Rev. M. L. Pontius spoke at the camp.

The program at the neighborhood meeting at the Jefferson school Friday night included a number of vocal selections by "The Redbirds," the Misses Marie Denny and Eleanor Cragg, accompanied at the piano by Mrs. W. A. Richards. There were also a number of selections by Ralph Cummins who played on the ukelin. Ernest Rutherford was also present and entertained the crowded room with his gags and jokes. This program was followed by three reels of movies on "Our State Parks and Memorials."

Movies were furnished the CCC boys on Thursday, the pictures on that evening being "A Day in the Life of an Ocean Liner," "Chronometers and Chronometers" (showing a Swiss Watch factory) and "The CCC at work in Mesa Verde Park" (showing the ruins of ancient cliff dwellers). These movies were also provided the Roodhouse M. E. church for their church night program on last Wednesday. Rodney Spillman and Howard Olson assisted in the Roodhouse program. At the CCC program Dick Bogard led the boys in group singing, with Mrs. Florence Looker as pianist. An even dozen clubs of boys and girls of the city schools held their club meetings during the week, two of the other clubs not meeting this week. All, however, will hold their regular meeting this coming week.

The officers of the Franklin school Girls' Gra-Y club had charge of the Gra-Y clubs' officers club meeting Friday after school. This meeting was held in the public library in charge of Ruth Kendall, Mary Endsley and Dorothy Jane Scott, the leaders of the girls' clubs.

The young people's social program was held in the Jefferson school gymnasium Friday evening. The group attending these occasions has been engaging in a variety of games and active social activities. Friday evening the group divided into four teams and engaged in a volleyball tournament with ten players to each team. Young men and women are cordially invited to these social gatherings.

The final games of the men's basketball league will be played off this week at the David Prince gymnasium. Games are scheduled for Monday, Tuesday and Thursday evening. In case a play-off for city championship is needed, games will also be played on Wednesday and possibly on Friday evening.

Men's volleyball league games will be played on Tuesday and Wednesday evenings at the Washington school gymnasium. Games scheduled for Tuesday are 7:10—Piggly Wiggly vs. Peeler's; 8:00, Meadow Gold vs. Presbyterian; (The Ideal team draws "bye.") Wednesday the games are: 7:10—Business College (1st) vs. A&P; 8:00, Amalgamated Clothiers vs. Christian; 8:50, Business College (2nd) vs. Grace M. E.

The women's volleyball games will return to MacMurray college gymnasium this week after two weeks absence due to conflict with college activities. There are places for a few additional women players if others care to join the activity. As none of the teams have had experience before this week, new comers need not feel that lack of experience will greatly distinguish them from others.

Plans are being completed for the area young people's conference to be held under the auspices of the YWCA and YMCA at Springfield on Saturday, April 25th. A number of young people from Jacksonville will doubtless attend, especially Hi-Y and probably Tri-Y members.

COLLEGE DEBATERS RETURN FROM TOUR

Illinois College debaters returned last night from a non-decisional tour of schools in Illinois, Indiana, Kentucky, Missouri and Kansas. Four teams completed the circuit in two trips.

Edward Johnston, Robert Fay, Maurice Kepner and Walter Bellatti made the southern trip, with John Moriarty, Willard Lee, Guthrie Jansen and Richard Simonson debating in Missouri and Kansas.

Johnston and Kepner argued with a non-scheduled school, Weyesburg, Pennsylvania, at Evansville, Indiana. On Friday, the teams on the southern trip were entertained by President Putnam of Butler University in Indianapolis, and also by Dr. Dorris, a former Illinois College professor, at Eastern Kentucky State Teachers' college.

Schools visited included: Central College, Fayette, Missouri; Ottawa University, Ottawa, Kansas; Baker University, Baldwin, Kansas; Parks College, Parkville, Missouri; William Jewell College, Liberty, Missouri; Quincy College, Illinois; Butler University, Indianapolis, Indiana; Evansville College, Evansville, Indiana; Georgetown College, Georgetown, Kentucky; Kentucky Wesleyan, Winchester, Kentucky; Eastern Kentucky State Teachers' College, Richmond, Kentucky; and Morehead State Teachers' College, Morehead, Ky.

E. O. Cully of Strawn's Crossing was a business visitor in Jacksonville yesterday afternoon.

J. H. S. Debaters Win Tournament Held At Waverly School

Win From DuQuoin, State Champions In Two Contests

Defeating DuQuoin in another whirlwind debate in the finals last night, Jacksonville high school won the Waverly Invitational tournament for the second straight year. Jacksonville was undefeated in seven contests administering two defeats to the DuQuoin team, present champions of the State of Illinois, during the course of the tournament. The Crimson started in the first round with the affirmative, Mary Butler, Arthur Halberg and Jane Dunlap, winning from the DuQuoin negative. In the second round, the J.H.S. negative defeated Lincoln. The local negative was composed of Ralph Dunlap, Barbara Butler, and Bill Clark. The third and fourth rounds found the Crimson winning from Morton and Pekin, bringing Jacksonville through the preliminaries as one of the two undefeated teams, the other being Waverly.

In the semi-finals, Jacksonville affirmative won from Sparta and the negative put Waverly out. DuQuoin won from Waverly and Sparta in this round. The finals was between the Crimson negative and the DuQuoin affirmative. The southern Illinois team was the same that won the state championship last year after losing to Jacksonville, under the same circumstances, in the finals of last year's Waverly tourney. The debate was one of the toughest and hardest taking place outside of the state championship itself, and the judge, Coach Nesbit of Blackburn College awarded the decision to Harold Gibson's Jacksonville team. The J.H.S. debaters were given a handsome bronze statue.

Twenty-eight teams from fourteen schools started in the first round yesterday morning. Schools represented were Macomb high school, Western academy of Macomb, Sparta, Dupu, Waverly, Jacksonville, Decatur, Pekin, Lincoln, Carlyle, Franklin, Macomb, DuQuoin, and Morton. This is one of the best collections to be found in the state outside of the state finals in April. All preliminary debates were judged by Blackburn College debaters, and the tournament was managed by A. W. Heath, coach of debate and principal of the Waverly high school.

Final Meeting Of Preaching Mission Held Here Friday

Rev. Owen W. Pratt Speaker At Westminster Church

Westminster's week of preaching came to a close Friday night with a good congregation present, which manifested a splendid spirit of appreciation for the visiting minister's services. There were representatives from many of the city's churches present including some of the pastors.

It was Sunday school night, and the junior chorus rendered the hymn "Praise to Thee, My Jesus," much to the pleasure of the hearers. The attendance contest was between the boys and girls, the girls winning, and Miss Louise Harris receiving the trophy as captain of the winning side. Donald Litter sang the tenor solo, "Sun of My Soul," accompanied by J. Philip Read. Rev. Freeman Havighurst offered prayer, W. J. Brady, superintendent of Sunday school read the scripture.

The preacher, Rev. Owen W. Pratt of Decatur was introduced by Rev. G. J. Schillerstrom, of State Street Church. Mr. Pratt took as the subject of his last sermon "The Neglected Church." He read the text, "I have been so long time with you, and have not known you, Philip?" The speaker brought out the fact that many are wondering if the church has an answer to their wistful desire for a spiritual interpretation of life. He brought out that Jesus has an answer for every problem. His teachings and spirit will correct dishonesty in business; abolish cynicism in education; and give final victory to each one's personal struggle. Jesus has been with us nearly two thousand years already, and it is our own fault if we have not become acquainted with him and his teachings.

Commending the children for their beautiful song number, he related to them the story of the Dilly-Dally family, who were always late to Sunday school. There was first the father Mr. Ezekiel Easy-going, who was never in a hurry; the mother Lillian-Linger-Longer who was always late. Then there were the children, Tommy-Take-Your-Time, Nellie-Never-Mind, Willie-Wait-A-Minute, and Susie-Slow-Poke. When they all arrived at Sunday school the attendance was complete, but they might just as well have been on time.

Plans are complete for a tea to be given next Friday afternoon, at 2:30 o'clock, at the Peacock Inn, for workers of the Brooks for Governor county organization, of Morgan county. A large attendance at the tea and program is expected.

S. Phil Hutchison, Springfield attorney, will be the speaker at the meeting. Mrs. Beulah McClure, wife of Judge Lloyd McClure of Beardstown, will also speak briefly. Mrs. McClure is chairman of the Brooks for Governor women's group of Cass county.

Several novelty kits appeared yesterday for exhibition "flights" including a fished box kite by Mary Frances Foote and a cellophane covered "job" by Rodney Spillman.

In the grand finals, all kites were sent up to release a shower of miniature parachutes that might have contained an aerial army of Gulliver's Lilliputian dwarf men—but actually carried the slogan of the company (and entry lists for another spectacle.
